Why Rotary?

Sharon Rotary is proud to support Luna as part of our long-standing commitment to serving students, seniors, and families in our community.

About Luna

Luna is a therapy dog for the Sharon Middle School (SMS) Guidance Department. Luna was introduced to support students by providing comfort and emotional regulation. She is a key part of the school's efforts to enhance student well-being. Luna celebrated her first birthday around October 2025 and is actively involved in school activities.

- *Role: As part of the SMS guidance department, Luna acts as a therapy dog, helping students with social, emotional, and anxiety-related needs.*
- *Activities: She is active within the school community, even participating in school spirit activities like celebrating the AFC championship.*
- *Significance: Therapy dogs like Luna are increasingly common in schools to provide a calming presence and support, particularly in navigating stress.*
